WEB DEVELOPMENT EXPERIENCE

General Assembly

Washington DC

Web Development Immersive Student

May – August 2016

- Full-stack web development program focused on common best practices in OOP, MVC frameworks, data modeling, and test-driven development. Developed a portfolio of individual and collaborative projects, including:
 - CONCENTRATION, a memory a concentration game built using jQuery:
<http://jschultz21.github.io/jschultzConcentration/>.
 - DC Brew Circuit: a Ruby on Rails Web Application built one week after learning Rails for the first time: <https://dcbrewcircuit.herokuapp.com/>

PROFESSIONAL EXPERIENCE

Making Cents International

Washington DC

Associate, Projects and New Business (promoted from Conference Intern)

July 2013 – May 2016

- Project manager responsible for tracking project budgets between \$50,000-\$2,500,000, assembling curriculum packages, executing research, and managing 8-12 consultants for various International Development projects.
- Conducted research and prepared 10-15 case studies that informed a publication prepared for Microsoft on technology skills training for youth, working closely with Making Cents' CEO.

GlobalGiving

Washington DC

Project Team Intern

June 2012 – May 2013

- Conducted due diligence using Salesforce on 250-350 organizations that were seeking to join the site.
- Resolved technical issues and provided support for the website's ~2000 international and domestic project leaders.
- Managed web content, planned and prepared newsletters for strategic partnership development.

ADDITIONAL WORK EXPERIENCE

Open City

Washington DC

Server

March 2012 – Present

- Works every Saturday brunch shift and seamlessly sells between \$1,200-\$2,200 in breakfast foods.
